Description

"4-Way" Syphoned gully, resistant to weathering and chemicals agents. Consisting of 3 blind inlet, open as needed and provided with a rubber seal. The fourth inlet, outlet, is provided with a bend joint. Available in telescopic version, with stainless steel frame and grating. It is a Patented product by Dakota. Outlet dimensions: internal 45 mm, external 50 mm.

Material

The gully is made of PP (polypropylene) whilst the telescopic element is in ABS. Frame and grating of stainless steel

Use

Used to channel to a single point the outlet pipes of sink, shower and bidet, in order to facilitate any inspection and/or access for cleaning.
