

CURVED PVC ANGLE BEAD

Code	Commercial Description	Dimensions	Conf.	Pallet	Selling Unit
ZIN34-1710A	Curved PVC Corner	25 x 25 x 2.500 mm	125	45	CF

Description

Curved PVC corner. The corner can be bent as needed since it could be adapted to the surface.

Material

Made of PVC.

Use

Used for the reinforcement of the corners of the plaster surfaces, in particular in presence of architectural arches.
