

EXA EAVE COMBS

Code	Commercial Description	Dimensions	Conf.	Pallet	Selling Unit
TERI3-1651AR	Red Exagonal aerated eave combs	1.000 x 25 + 55 mm	0	600	M
TERI3-1651AN	Black Exagonal aerated eave combs	1.000 x 25 + 55 mm	50	600	M

Description

Our eaves comb filler is an alveolar strip with teeth for ventilated roofs. The Dakota eaves comb is a simple and effective way to prevent birds and large insects from entering the batten cavity while ensuring proper airflow.

Material

Made of PP (polypropylene).

Use

Used for ventilated roofs to guarantee proper airflow underneath the tiles.
