TER30-7167	ABS fixed valve with spring adjustable diffuser wi...	ø 150/160 mm	10	340	PZ

Description

Made in white opaque, it consists of an inlet with a variable diameter and an adjustable diffuser. Individually packed in blister with barcode.

Material

Made of white ABS matt effect, is particularly resistant to aging by exposure to the atmospheric elements.

Use

It allows the circulation of air between indoor-outdoor and ventilation of limiting condensation and mold. Using the control system with springs, can adapt to different diameters.
