POZ90-1361HC	Antiheel Cast Iron Grating C250 - 200	200 x 500 mm		250	PZ

Description

Grating for Dakota Channels with heel proof mesh design. Available load class: B125

Material

Made of spheroidal cast iron.

Use

It can be used in areas with low density traffic areas, where the confort of the pedestral traffic is guarantee thanks to the minimum width of the mesh of the gratings.
