

MESH FOR SKIM COATING | 120G

Code	Commercial Description	Dimensions	Conf.	Pallet	Selling Unit
RET01-1159	Heavy fiber glass mesh - white color	1,00 x 50 m	50	1750	M2
RET01-1159B	Blue Shaving Net	1,00 x 50 m	50	1750	

Description

Yellow or Blue color fiberglass mesh (identifier code. R96 corresponding to net weight per square meter of fiberglass mesh without resin). Dimensions available 1,00 x 50m. Packed in cellophane rolls.

Material

Made of fiberglass Adfors Saint-Gobain type E, impregnated with resins antialcaline SBR, axle spacing 4,1 x 4,1 mm and weight equal to 120 gr/m2.

Use

Used in thermal insulating systems, ETICS, as a reinforcement of the EPS slabs in the case of hail and/or events comparable to the latter in order to absorb and eventually distribute the mechanical stresses to which the system may be subject thus avoiding the formation cracks, delamination and/or serious injuries in the facade.
