

### "L" SHAPED SATINIZED PROFILE

Code	Commercial Description	Dimensions	Conf.	Pallet	Selling Unit
PRO20-2063SP	"L" shaped satinized profile	h. 8,0 x 2.700	54	2700	0

#### Description

Straight edge tile trim for tile covering, L shaped in satin aluminum. Each individual heat-shrinkable profile is packaged in PVC tubes. The barcode is indicated both on the profile and on the tube (on the body and on the cap).

#### Material

Made of natural/satin-finished aluminium or stainless steel.

#### Use

Used to define corners in tile coverings.
