

LEAFGRATE

Code	Commercial Description	Dimensions	Conf.	Pallet	Selling Unit
BOC10-1113	Plastic leafgrate	da 80 a 125 mm	100	1600	PZ
BOC11-1114	Galvanized steel leafgrate	da 80 a 120 mm	20	1440	PZ

Description

Leafguard for gutters of variable diameter. Designed to stop not only leaves but any object that prevents the efficient draining of water.

Material

Made of PP (polypropylene) or galvanized steel wire.

Use

Used to "cover" of fillers and/or of the downpipes to avoid occlusions caused by leaves, debris or other small items.
