

OSCAR - PREMIXED PUTTY

Code	Commercial Description	Dimensions	Conf.	Pallet	Selling Unit
TER15-1874	OSCAR - premixed putty - 1.5 kg		16	256	PZ
TER15-1875	OSCAR - premixed putty - 5 kg		1	88	PZ

Description

Pre-mixed filler for interior/exterior wall and ceiling finishes Substrates treated with this product can then be painted with either a matt or gloss finish. Thanks to its high resin content, once completely dry, the treated surface will be waterproofed, also reducing paint consumption. The special formulation makes it suitable in wet environments.

Material

Made from emulsion resins, calcium carbonate and various additives. White colour.

Use

Interior walls and ceilings, gypsum plasterboard, concrete, cement plaster, gypsum base coatings, exterior walls and smooth concrete walls.
