

PVC ANGLES WITH DRIP PROTECTION MEGA NET

Code	Commercial Description	Dimensions	Conf.	Pallet	Selling Unit
ZIN33-1669RV	Pvc angles with drip protection Mega net	100 x 100 x 2.500 mm	25	30	CF
ZIN33-1669RVV	Green "Strip" Plus Sightbreaker	100 x 100 x 2.500 mm	62.5	30	0

Description

Angle beads with claw-shaped angle with heat sealed fiberglass mesh, R131. The plastic profile is visible, and it is protected by a removable strip, that can be removed after the levelling and painting of the surface.

Material

Made of PVC and fiberglass mesh.

Use

Used as reinforcement and protection of horizontal angles (lintels, balconies, string courses, cantilevers), it operates as a drip protection and it's paintable.
