Code	Commercial Description	Dimensions	Conf.	Pallet	Selling Unit
ZIN33-1671P12	PVC end prole with mesh plus	12,5 x 2.500 mm		40	CF
ZIN33-1671P	PVC end prole with mesh plus	100 x 2.500 mm	62.5	40	0

Description

T-shaped prole made of PVC and R117 glass fibre mesh, for correct application of skimming mortar or plaster to create defined edges.

Material

Made of PVC and fiberglass mesh.

Use

Used for a correct and uniform application of the skim coat in coating or plastering systems and to create clean edges to close the shaved surface
