

QUIX SYSTEM - INVISIBLE FIXING FOR DECKING

Code	Commercial Description	Dimensions	Conf.	Pallet	Selling Unit
TER09-1147DK	Quix System - Invisible Fixing for Decking	--	0	80	PZ

Description

Kit consisting of 64 bars, 10 studs, 2 pcs. spacers in 5 mm and 2 sets of steel self-tapping screws (200 pcs. 6 x 25 mm and 20 pcs. 4 x 25 mm), for easy and invisible fixing (without any visible screws) of external decking. The kit allows the installation of around 4m2 of decking.

Material

The bars, studs and spacers are made of PP (polypropylene), the screws of steel.

Use

The system is suitable for all types of wooden panels, thanks to the modularity of the bars, which can be broken and fixed on boards of any width. The system guarantees the laying of the decking both on any type of joist and directly on concrete and, thanks to the 5 mm spacers, there will be a precise joint for a uniform and professional final result.
