

RAIN GUTTER G80 - PIPE DIAMETER 50 MM

Code	Commercial Description	Dimensions	Conf.	Pallet	Selling Unit
GRO02-3150M2/8N	Pipe diameter 50 mm		20	22	CF
GRO02-3150M3/8N	Pipe diameter 50 mm		20	22	

Description

Guttering downpipe for G80 gutters, with a diameter of 50mm. Protects walls from rain damage while guiding water to where it is drained.

Material

Made of UV ray-resistant PVC.

Use

Used for the collection and the drainage of roof rain water, connected to the roof guttering system.
