

SCAFFOLDING GREEN MESH

Code	Commercial Description	Dimensions	Conf.	Pallet	Selling Unit
RET05-181V	Scaffolding Green Mesh	1,80 x 25 m	540	4320	M2
RET05-182V	Scaffolding Green Mesh	1,80 x 15 m	540	4320	M2

Description

Woven scaffold and debris netting, with eyelet edge green (suitable for scaffolding) available in various heights. Packaged in cellophane.

Material

Made of high density PE-HD (high density polyethylene), open mesh. It is particularly resistant to mechanical stress, wear and tear caused by weather.

Use

Used for shading the scaffolding, protect property and people from exposure to direct sunlight and to delimit private areas.
