

SCAFFOLDING NET GREEN WITH BUTTONHOLE

Code	Commercial Description	Dimensions	Conf.	Pallet	Selling Unit
RET05-181V/A	Green scaffolding netting with eyelet	1,80 x 25 m	540	3240	M2
RET05-182V/A	Green scaffolding netting with buttonhole	1,80 x 25 m	540	3240	0

Description

Woven scaffold netting with green loop. Packed in cellophane.

Material

Made of high density PE-HD (high density polyethylene). It is particularly resistant to mechanical stress, wear and tear caused by weather.

Use

Used for shading the scaffolding, protect property and people from exposure to direct sunlight and to delimit private areas.
