

SELF LEVELLING DECKING HEAD FOR ARKIMEDE

Code	Commercial Description	Dimensions	Conf.	Pallet	Selling Unit
TER09-1142TB1	Self-leveling - Head for decking for ARKIMEDE	ø 120 mm		1890	PZ

Description

Self-levelling head for Arkimede is an accessory that only connects to the head of Arkimede Paving supports. Removing the 4 spacer fins allows it to be mounted on the support head, providing levelling for slopes from 0 % to 5 %. The height of the head is 16 mm, to be added to the height of the ARKIMEDE support on which it is placed. Not compatible with ARKIMEDE 10.

Material

Made of PP (polypropylene).

Use

Used in outdoor areas, terraces and shared flooring.
