Description

Modular grating with a slow water runoff and designed for pedestrian crossing. The elements that compose this grating are interchangeable and, thanks to bushhammering, shows a non-slip surface. Grating Snake Plus with dimensions 250 and 300 has 1 connection point. The grating is composed by 40 modules to achieve 1.000 mm.

Material

Made of PP (polypropylene).

Use

Used at swimming pools edges to allow both slow water outflow and a safe anti-slip surface for pedestrian crossing.
