PRO12-1668	Spacer for formwork tower shaped	h dist. 40 mm - $\varnothing$ 6/14	500	45000	PZ

#### Description

The tower-shaped building allows the laying of the reinforcement cages. Box packaging.

#### Material

Made of thermoset plastic.

#### Use

Specific use in construction. Allows the installation of rebar, maintaining the correct distance for the "concrete cover."
