

FIBERGLASS HATCH FOR GAS METER BOX

Code	Commercial Description	Dimensions	Conf.	Pallet	Selling Unit
ZIN23-8007S	Sportello Gas Vetroresina con telaio zincato (dupl...	500 x 300 mm	1	90	
ZIN23-8008S	Sportello Gas Vetroresina con telaio zincato (dupl...	500 x 400 mm	1	90	

Description

Provided with ventilation slots for the covering of gas meters.Packed in carton box.

Material

Made of biber glass (RAL 7001), with galvanized steel frame. It is particularly resistant to shocks and ageing caused by exposure to the atmospheric elements.

Use

To cover and protect gas meters built into the wall, allowing them to be read periodically.>
