Description

Raised decking leveling and spacing kit composed of: 20 wedges 45 x 170 x h. 15 mm; 20 wedges 45 x 170 x h. 26 mm; 20 shims red 90 x 45 x thickness 2 mm; 20 shims green 90 x 45 x thickness 3 mm; 20 shims black 90 x 45 x thickness 5 mm;

Material

Made of PP (Polypropylene).

Use

This product is a practical solution for several applications in the construction industry. It is primarily used during the installation of external raised decking. The combined use of 2 wedges guarantee a millimetric adjustment of the joists and the use of the shims

allows to level the surface over the under-structure of the decking itself.
