

### UNDER PARQUET

Code	Commercial Description	Dimensions	Conf.	Pallet	Selling Unit
PRO22-0912	Under Parquet 2 mm thick	h.1,25 x 25m	5	45	PZ

#### Description

Membrane for under parquet in white colour, dimensions: h. 1.25 m x 25 m length, thickness 2 mm.

#### Material

Made of stretch polyethylene foam and laminated with HD film.

#### Use

White-coloured membrane for under parquet for floating laying. Provides thermal and acoustic insulation and acts as a vapour barrier preventing the passage of moisture to the surface
