PRO22-0904	Wall-cutting band	h.300mm x 55 m	4	24	PZ

Description

White-coloured wall-cutting strip in dimensions: h. 120, 150, 200, 250 and 300 for 55 m length, thickness 3 mm

Material

Made of PE-HD, with a grammage of 250 kg/m³.

Use

The wall-cutting strip is used to divide the ceiling from the wall, allowing it to absorb the frequency of both airborne and footfall sound waves.
